

## **Expression of Interest for “Enhancing capacities of Thai exporters and supply chains on Social Performance for European Market”**

The Foreign Trade Association (FTA) in partnership with the Ministry of Commerce of Thailand of the Royal Government of Thailand invites you to participate in the project on **enhancing capacities of Thai exporters and supply chains on social performance for European market.**

This initiative supports Thai companies to improve recruitment and management practices of factory workers, particularly when hiring migrants. It enables Thai companies to gain a greater understanding of market expectations on social performance and to build the skills of their senior and middle-level management.

The project runs for a 12 months period, between September 2017 and August 2018.

FTA members who are interested in participating in the project will be able to:

- Assign their BSCI producers to tailored face-to-face training in Thai language and monitor their performance; and
- Identify and link to new producers who are engaged in the project by BSCI.

All activities are free of charge for BSCI participants and their producers.

### **Expression of interest**

Interested FTA members shall inform BSCI of Thai producers eligible and interested to participate in the project by filling out and submitting the [online form](#).

### **Eligibility criteria for Thai producers:**

- Preferably operating in food sector
- Located within industry hubs or normal accessible area
- Current or potential business relations with BSCI participants

**The expression of interest shall reach BSCI no later than 25 September 2017.**
